4.2	Step 2 to 5 : Screw 4x fasteners and 2x small ears as below.....	4

## 1 Items provided in AxP-BOB-RACKKIT

AxP-BOB-RACKKIT includes the following items:

- 2x long ears
- 4 fasteners inter box

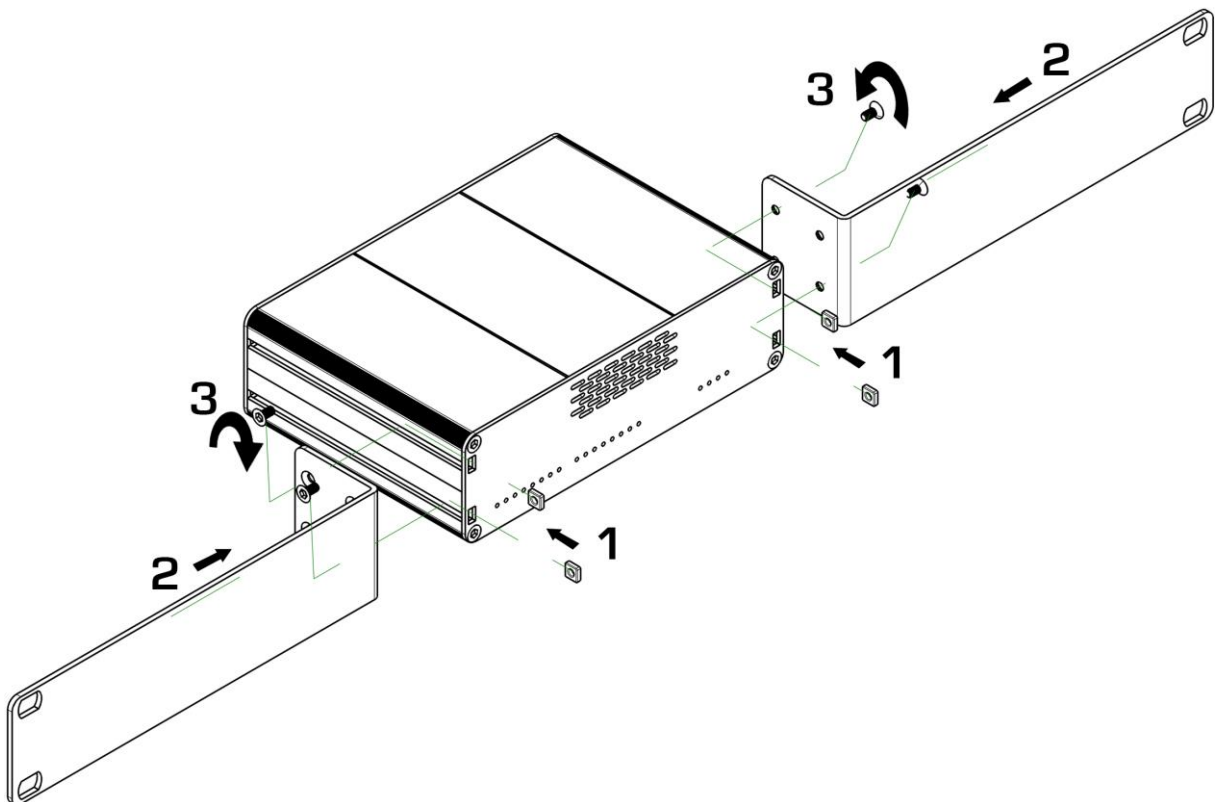

Also, the AxP-BOB-RACKKIT provides the following items:

- 4x square nuts (for ear mounting)
- 4x short hexagonal screws (for ear mounting)
- 4x medium long hexagonal screws with brake threads to fix the faces

Notice that 8x short hexagonal screws, 8x square nuts and 2x small ears are supplied with each AVDT-BOB in their carton box.

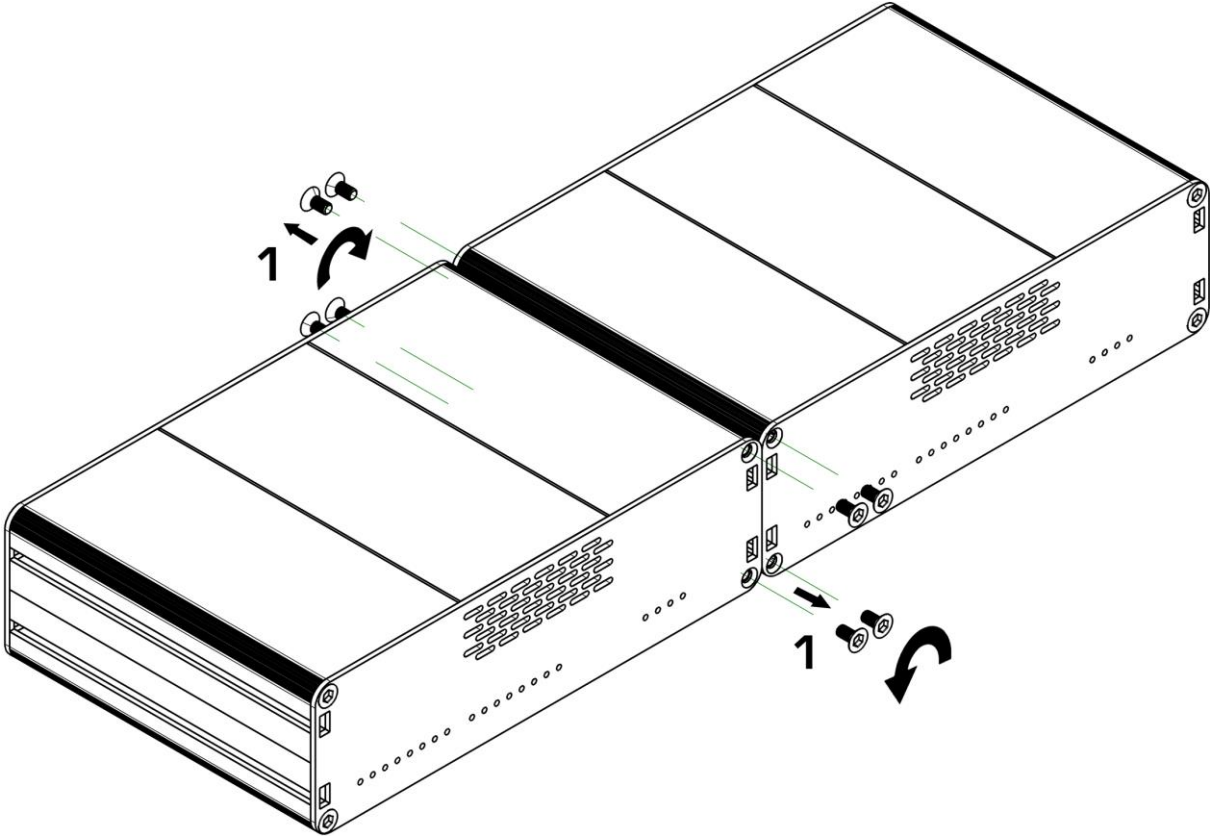

Some of these parts have to be used for the mounting of 2 or 3 AVDT-BOB together to make a 1U 19" rack.

## 2 Mounting of one AVDT-BOB for 1U 19" rack
